OBJECTIVE

To enhance my professional skills, capabilities and knowledge in an organization which recognizes the value of hard work and trusts me with responsibilities and challenges.

EDUCATION

2024	BSC Dr. YSR University, V. R Gudem 8.8
2020	Intermediate Sri Chaitanya Junior College, Vijayawada 9.9
2018	SSC Loyola High School 10

PROJECTS

Warehouse Inventory Management System

The Warehouse Inventory Management System is a web-based application designed to manage and streamline warehouse operations.

Using Spring Boot and RESTful APIs, this system allows users to perform CRUD (Create, Read, Update, Delete) operations on inventory items, ensuring efficient and accurate inventory management.

The system implements comprehensive error handling and input validation to ensure data integrity and user-friendly feedback on invalid operations

The system focuses on security by implementing authentication and authorization mechanisms to protect against unauthorized access. It follows an incremental and agile development approach, ensuring regular iterations, continuous feedback, and adaptability to changing requirements

This project aims to deliver a comprehensive solution for managing warehouse inventories efficiently and effectively using modern web technologies.

INTERSHIP

Web Application Development Internship By SkillDunia During April to May 2024

Learnings : Developed and maintained web applications using HTML, CSS, JavaScript. Collaborated with a team to implement new features and improve existing functionalities. Assisted in debugging, optimizing performance, and ensuring cross-browser compatibility.

SKILLS

Programing Languages: Java

Web Technologies : HTML,CSS

Frameworks : Spring, Springboot, RestAPI, JPA

Data Bases : Oracle

ACHIEVEMENTS & AWARDS

Participated in Technical paper presentations, seminars.

Participated in Science fairs, Olympiads and quiz competitions in school and College levels.

Got Prizes in many Essay writings and Elocutions

INTERESTS

Listening to Music

Playing Games

Surfing through Internet

LANGUAGES

English

Telugu
